To All CAP Cadets

It has been a privilege and a pleasure for me to be associated with such a fine group of young men and women during your summer encampment experience. As you discovered, the standards which we expected, and which you achieved, were high. We all worked hard but the work was worthwhile. You are taking away from Eglin AFB a large amount of new knowledge about our Air Force. Knowledge which will stand you in good stead throughout your CAP training and career. You have made many new friends and acquaintances. Hopefully, during the years ahead, this book will cause you to look back with some nostalgia on the summer of 75, and remind you of these friends. I am confident it will cause me to look back and identify some of the future leaders of the Air Force and of Civil Air Patrol. Good luck to each of you.

To All Cadets

It has been a pleasure to serve as your Cadet Encampment Commander at this years Summer Encampment. We hope you have enjoyed your short stay at Eglin Air Force Base but even more we hope you have gained an insight into the everyday aspects of Air Force life. Even during peacetime there is a need for a strong military particularly a strong Air Force. Civil Air Patrol with its Aerospace Education program emphasizes this need. I would like to thank my staff for their help, understanding, and patience. They are the main reason this was such a successful encampment. Good luck to each of you.
