"ESPRIT DE CORPS"

Do YOU have "ESPRIT DE CORPS"? If not, we hope that you acquire it during your stay at Wright-Patt, because you belong to one of the finest service organizations in the world and each member of CIVIL AIR PATROL should have it in LARGE QUANTITIES.

You may ask, " what is 'ESPRIT DE CORPS' and the explanation is very simple - it is the PRIDE that you have in belonging to CAP, the PRIDE you have in the wearing of

the uniform of the United States Air Force with CAP insignias - the COMRADESHIP you show in learning and working with other CAP members for the benefit of your community and country.

"ESPRIT DE CORPS" cannot be bought but it CAN BE ACQUIRED and very easily - the sharp wearing of the uniform - the snappy salute - the willingness and desire to work with and for other members for the good of CIVIL AIR PATROL.

Why not practice your "ESPRIT DE CORPS" training by trying out a snappy salute on the next cadet officer or senior member you meet. Nothing would please the "Editor" as much as having the PRIVILEGE and OPPORTUNITY of returning your salutes.

YOU GET MORE OUT OF CAP WHEN YOU GET OUT TO CAP MORE

Two cowboys were talking . One said, "My name's Tex."

Second one, "You from Texas?"

swered the first one: "Nope, from Louisiana, but who wants to be called Louise?"

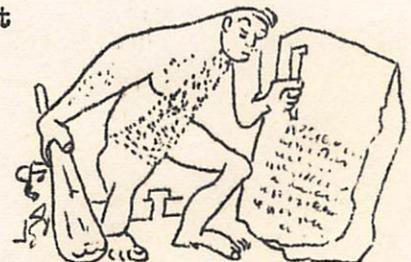

A good part of success consists of getting along with those people you can't get ahead of.

What Major from Canton-Massillon Sqdn #407 got halfway to camp before he discovered he had his son's uniform and about twenty extra pounds and no place to put it? He couldn't sweat it off in time, so he had to buy some 505's. That's one way to get 'em.

After two trips to Dayton Greyhound Bus Station, the luggage belonging to two female cadets was finally located on Sunday. All of this was done in the line of duty because CWO J.H. Taylor said that he didn't even know the young ladies. This is definite proof that the Encampment is being run FOR THE CADETS. It took one major, one 2nd Lt, 2 CWO's and a carryall to get the job done.

One of the instructors, trying to have some fun with a cadet, pointed to a tall telegraph pole and asked the cadet, " Cadet, can you tell me what kind of fruit grows on that tree?"

"Yes, indeed, Sir - currents, Sir," replied cadet Blaine Binkley (more)
