## Wyoming Squadron Map

.. In 1865, this region was given the name Wyoming after the Wyoming Valley in Pennsylvania. The Wyoming Territory was established on 25 July 1868 from portions of Oregon Territory, Nebraska Territory as well as from Dakota Territory. It was admitted to the Union on July 10, 1890 because of women suffrage.

Wyoming is the 10th largest and least populous state of the country

# FORWARD

## PREFACE

Electronic record keeping can be a veritable forest and wealth of information. WYWG Historian scoured through documents at WYWG HQ copying images from documents, wing magazines, old photos, trophies stuck in the basement and ventured to Casper to inspect the reported CAP museum at Casper Airport. Newspapers abound but they have very little to say about Wyoming Wing unless you are interested in Bomber Mountain just south of Cloud Peak in the Big Horn Mtns. Annuals 16 from State Archives relates the life of WYWG under State Civil Defense authority centered mostly around Cheyenne and Casper as training centers for bomber crews and transportation of airframes to northwestern states. Search and Rescue roles were carried out by Casper Army Airfield now the home of City of Bar Nunn.

**Chronology compiled from WYWG calendar, WYWG ES LtCol Mike Carlson  
and WYWG Historian personal calendars**

## Executive summary

WYOMING WING has had a busy year with training, missions, encampment, receiving a new vehicle and aircraft, utilizing aircraft and their capabilities on thirteen missions for search and rescue, two orientation ride weekends, one ground team training mission, Mountain Fury and G1000 class, ground team basics, flying Teachers Orientation Program, Honoring Allies and Remembering Together in Alberta Canada with 10 representatives, wing conference and the various check rides needed for mission pilots and check pilots to maintain proficiency. Communications under Constant Watch training mission illustrated how much further WYWG needed to go to be effective. Several members partook of the Inland SAR school offered by Homeland Security at Cheyenne learning additional insights into IC steps for a successful conclusion. Select members displayed an information booth at Respond Wyoming passing out pamphlets with operational stem kits; robotic and flight simulator along with videos of CAP life. Commanders attended a conference in Cheyenne and CAP members attended the formal opening of Hot Springs County Airport. Cadets continually train at CSTAR, RCLS or Operation White Stripe, TLC(seniors) and RSC(seniors). CAP honored our veterans with VFW and Wreaths Across America programs and by participating in 4th of July celebration activities.

Constant training by all members of Civil Air Patrol represent a commitment and dedication to serving our communities, state and our nation. The equipment is utilized and maintained for instant deployment when the need arises and personnel perform as best they can under circumstances that can be hazardous. We demonstrated to the public of our need for more personnel and we have shown the way to help each other and our nation. The procurement of additional airframes (one delivered in 2015 and one in 2016) and repair of existing one was a necessary step as more pilots and aircrews are being recruited. A Cessna airframe is slated for Cloud Peak Composite Squadron (2016) to expand our flexibility for rapid deployment for any mission in addition to one based at Cheyenne. Additional extended van was requested to replace a high mileage van. Communications is undergoing an upgrade and reconfiguration as members retire or move to adjoining states. Schools such as NESAs, TLC, RSC, RCLS, CSTAR are long distance travels and some require out of state locations. The melding of personnel and technology into interactive positions will require more time OJT.

Cloud Peak Composite Squadron has reached out to local BSA troop and a joint charter is in progress. Enrollment was dropping however 492 EMS Composite Squadron, Laramie Valley Composite Squadron, Capt Michael Walker Composite Squadron, Powder River Composite Squadron and Yellowstone Regional Composite Squadron have or are in the process of expansion both in cadet and senior members. YRCS has reached out to North West College outreach program to teach external aerospace education to age range of 5-14 years old with a request for another class next year.

Major Tim Anderson relieved Major Aaron Seng of command at Cheyenne Composite Squadron 04 November 2015 and Capt Michael S. Walker Memorial Composite Squadron's LtCol Dennis Cornell was relieved by LtCol James Hawley 30 November 2015.

# Chapter I- Introduction

## Wyoming Wing History A Narrative

Civil Air Patrol was created nation wide by a stroke of a pen 1 December 1941 and W.I. Walker became the first wing commander as ordered by Governor Nels Smith utilizing private aircraft to patrol forest and highways. February 24 1942 from locations of Cheyenne, Rock Springs, Laramie, Sheridan, New Castle, and Cody where 8 pilots could also participate in air crash recovery, however submarine chasing and target towing were not possible. April 29 1943 Office of Civilian Defense lost CAP which was placed under the War Department. Interest in CAP waned and Wyoming became the only state in the union with no wing by July 1944. Casper and Rock Springs re-emerged as squadrons having both senior and cadet members under Col Albert Dickinson leadership of WYWG by December 1944. That was then, this is now:

Wyoming is the 10th largest state within the United States with the least population scattered over vast distances being serviced by the least amount of Civil Air Patrol personnel of any wing within the Rocky Mountain Region. WYWG had 38 commanders with Col Harold "Ken" Johnston serving currently until February of 2017.

Currently WYWG has 7 composite squadrons and 3 senior squadrons composed of 170 senior members: 5 legislative members, 2 members of 50-year service, 2 cadet sponsors and 2 patrons. WYWG has 89 cadets. WYWG utilizes 10 vehicles and 7 aircraft flown by 23 vfr pilots, 6 instructor pilots, 19 mission pilots, 4 check pilots, 6 mission check pilots, 13 o-ride pilots, 47 mission observers, 64 mission scanners and 2 aerial photographers overseen by 9 flight release officers. WYWG currently has 5 ground team leaders and 3 mission chaplains and 53 driver licenses. WYWG aided in 4 finds and 4 saves in 2015. WYWG was awarded the Disaster Relief Mission Award at National Conference in Orlando 29 Aug 2015

Senior members (22) have achieved level 1, (9) level 2, (1) level 3 and 6 Yeager awards presenting a 93.79% of membership (108) members at level 1, (18) at level 2, (9) at level 3, (8) at level 4, and (8) at level 5.

Wyoming had an annual growth rate for seniors of -2.94%, 10.11% for cadets with overall percentage of 1.86%. WYWG is currently evaluating in Cheyenne Civil Air Patrol Composite Squadron a more structured scheduling which allows leaders to monitor time the squadron uses in each facet required in addition a separate training flight to introduce new cadets in basic instruction for their first advancement. This instituted change occurred in 2014 under the joint direction of Major Seng and Major Heaberlin and is being considered by other squadrons in WYWG.

WYWG mourns our departed members:

Col Betty Cash- WYWG commander- Douglas (24 November 2015) 50 Year  
Capt DJ Sadler- Cloud Peak Composite Safety Officer (21 January 2016)

# SHORT HISTORY

Laramie Valley Composite Squadron leaders:

Capt Mark Watson 2003-2007  
1<sup>st</sup> Lt Mike Gross 2007-2008  
Maj Randy Schien 2008 feb-aug  
Capt Vance Hoyt 2008-2010  
Capt James Ackerson 2010-2011  
Col Stan Skrabut 2011-2014  
Capt Christopher Gross 2014-present

## **YELLOWSTONE REGIONAL COMPOSITE SQUADRON LEADERS**

Originally named CODY CADET SQUADRON 2003-2012  
Major BJ Carlson 07January 2004-13 November 2012

1st Lt David Gopperton 2013-5 April 2014  
1st Lt Ian Lydic 5 April 2014 to present

## **POWDER RIVER COMPOSITE SQUADRON LEADERS**

Major Greg Schreurs 10 July 2007-04 September 2014  
1st Lt Kenneth Dyk 04 September 2014-to present

## **492 EMS COMPOSITE SQUADRON LEADERS**

Roy Baughman 28 June 2007-20 December 2010  
LtCol Rick Fawcett 20 December 2010-10 November 2014  
Roy Baughman 10 November -10 June 2015  
1st Lt Joseph Feiler 10 June 2015- present

## **CAPT M.S. WALKER COMPOSITE SQUADRON LEADERS**

LtCol Dennis Cornell 09 November 2012-30 November 2015  
Maj James Hawley 30 November 2015 to present

## **TETON SENIOR SQUADRON LEADERS**

Capt Bill Jepsen 01 February 2005, 2007, 08 Feb 2008-01 Feb 2015  
1st Lt Steven Foster 01 Februry 2015-present

## **CHEYENNE COMPOSITE SQUADRON LEADERS**

Maj Aaron Seng 27 March 2013- 04 November 2015  
Maj Tim Anderson 04November 2015-present

## **SUBLETTE COUNTY SENIOR SQUADRON LEADERS**

1stLt Alex Heil 18 September 2013-05 Oct 2015  
2nd Lt John Douglas 05 October 2015-present

**COWLEY EXCELENTES SENIOR SQUADRON LEADER**

Capt Charles Moore 29 May 2014- present

## Chapter II - Aerospace Education

WING STAFF

Major Robert Griese DAE

Internal Aerospace is taught to both senior and cadet members ranging from AEX to modular courses explaining with hands on experiments from Rocketry Badge program to fundamentals of flight involving airfoils to parachutes. Stem kits of Rockets, Flight Simulator, First Scope, Robotics, and MARC units' challenge cadets as well as seniors with the world around them. WY Encampment utilized the Styrofoam Goddard rockets for an exercise in flight dynamics to reach designated targets. Paper rockets powered by air pressure however failed from malfunction of the air compressor. Capt M. S. Walker Composite Squadron completed their 11 year of AEX and 17th year constructing the Predator and Global Hawk from Model One book.

External Aerospace advanced with actual involvement with North West College inviting kids aged 5 and older into a classroom setting learning flight fundamentals with paper gliders, colored paper block building rockets, races of space shuttles on fishing line and hovercraft races. AEO was unsure whom enjoyed the sessions more; the students or the instructors.

## CHAPTER III CADET PROGRAMS

### WING STAFF

WING DIRECTOR OF CADET PROGRAMS LTCOL BJ CARLSON

### NARRATIVE

#### **Operation White Stripe Casper Armory 21-22 March 2015**

First ever Operation White Stripe took place in Casper, which was geared toward cadet advancement. Curriculum offered was Character Development (wingman course), drill practice, group study time for Aerospace, Leadership, and Physical Training through Saturday. Sunday was committed to testing in AE, Leadership, Drill and PT. 30 cadets' participated with 10 cadets promoted with several completing portions of requirements for future promotion. In addition Training Leaders of Cadets was simultaneously conducted, training 12 senior members and one repeat member utilizing 5 instructors. This session as with Operation White Stripe were well received and future classes will be forth coming.

#### **Wing Conference Casper Parkway Inn 13-14 June 2015**

The number of cadets reached 16 and the cadets planned the schedule with hands-on activities following classroom instruction. A color guard composed of cadets posted and retrieved colors at opening and closing of banquet.

#### **Ground Team Training 25-28 June 2015**

Participating squadrons from Casper, Cody, and Gillette sent cadets as well as senior members. The mission status prevented more members from participating requiring completion of level 1 and CAPT 116 along with a training track.

#### **Powered Orientation Flights Sheridan 11-12 July 2015**

A much-appreciated event by cadets despite crosswind curtailment after 9 cadets had flights out of 27 cadets on Saturday, 5 cadets flew on Sunday. Character Development was taught during the waiting time for flights along with basic first aid and AE lessons.

#### **WY Encampment Camp Guernsey 1-9 August 2015**

Staff reported for duty 30 July 2015 consisting of 7 WY SM, 9 WY Cadets from Cody, Sheridan, Gillette, Laramie, and Casper squadrons. Encampment had a student enrollment of 24 cadets from WY (Cody-2, Casper-5, Cheyenne-5, Sheridan-4 and Gillette-5). Graduating class consisted of 22 cadets from the 24-cadet field. One cadet required medical treatment and the other had behavioral issues.

#### **Honoring Allies and Remembering Together Lethbridge Alberta Canada 14-15 November 2015**

WY cadets (WY075-4, WY078-2, WY069-2 and WY072-1) performed alongside regional squadron cadets from Utah, Colorado, Idaho, and Montana with cadets from Air Cadet League of Canada enthraling spectators from by an exchange of wreaths to Silver Cross Moms and RMR representatives. Competitive volleyball between countries and drill offs concluded the ceremony.

**Casper Sarex****21-22 November 2015**

The training held in Casper had 1 cadet attend with senior members from WY075-2, WY078-1, WY069- 1 supervising.

**CSTAR Helena Ft. WH Harrison****20-22 November 2015**

Cadets from Cody, Gillette and Sheridan attended Airman and NCO academies with graduates donning the shoulder cord and holding their graduation certificates.

**Other Cadet Activities for 2015**

NCSA-1 Blue Beret, Flight Academy – 1, Hawk Mountain -1 and Advanced Technologies Academy- 1

**WYCAC**

Cadets connected for several monthly meetings from September 2014-June 2015 via teleconference and had face-face at WY Wing Conference.

**Compliance Inspection****15-16 August 2015**

WY Wing held CI with Cadet Programs receiving successful rating with no areas of concern or discrepancies.

**Cadet Advancement:**

Curry completion 88.89%, Wright 31, Earhart 4, Mitchell 10, Eaker 2, Spaatz 0. Curry Vouchers 20 cadets received and processed by Vanguard.

# CHAPTER IV OPERATIONS

## WING STAFF

OPERATIONS OFFICER

MAJOR GREG SCHREURS

## WING STAFF

EMERGENCY SERVICES OFFICER LTCOL MIKE CARLSON

WYWG operations are field testing Ipad program XWING PRO and received word VIRB camera system will be deployed in 2016. Additional aircrafts having G1000 navigation system will arrive by December 2015 and early 2016.

## **AIR OPERATIONS**

### WING STAFF

Col William Morton

WYWG airframes N6524N, N353CP, N344CA, N261CP, N294CP, N9935E, AND N702CP  
587 sorties at 861.7 pilot hours averaging 152.7 hours per aircraft with average aircraft of 5.7  
Cadet Orientation Rides 11  
Teacher Orientation Program 7  
WY Aircraft utilization a- 824.7 hours, b-454.6 hours.

## **TRANSPORTATION**

### WING STAFF

Transportation Officer

Major Mike Heaberlin

### NARRATIVE

The WYWING Transportation Department is maintaining a fleet of vehicles through vehicle maintenance officers throughout 2015. WYWG Transportation is replacing one vehicle due to high maintenance cost and mileage for Yellowstone Regional Composite Squadron. Two vehicles traveled to Lethbridge Alberta Canada for the HART Ceremony. The vehicles have travelled many miles for SAREX, TLC, Operation White Stripe, ELT training with air operations, Wing Conference, O-rides, ground team training, and of course Encampment. Total mileage is 67797 driven 4640 hours for 1674 times.

## BRIEF INTERVIEW WITH COLONEL JOHNSTON

1. For CY2015, how would you summarize the advances of the wing in personnel and equipment?

WYWG has 7 operational aircraft along with squadron expansion. Rock Springs is forming a future squadron. More pilots are joining various squadrons, of which several have commercial experience. Their training to vfr and mission pilots is a long and drawn out process. Success at Sheridan's Orientation Ride Clinic was achieved despite wind caused delays.

2. Looking ahead in the new year are CAP capabilities expanding due to ground work done in 2015?

Maybe, our mission crews are not being trained for windy conditions that exceed 30 knots thus diminishing our capabilities. WYWG was notified the 4 VIRB Cameras will arrive in 2016 for installation on 4 G1000 aircraft with wing mounts included for all G1000 aircrafts.

3. Biggest issue facing WYWG is the wind velocity at takeoff and landings with crew safety. Is crew proficiency affected if we are not trained in high wind conditions?

CAP aircrews are required to become proficient to save lives and yet aircrews have lost their proficiency in flying high wind conditions without wind waivers.

4. Where are WYWG strengths right now. People or tools we use?

Both, because equipment is of no use without trained proficient personnel to use them. Without tools we are diminished in what assignments we can accomplish.

5. Spaatz cadets, you mentioned we have three potential candidates?

Cadets need mentors willing to help them provided the senior members are not recent cadets themselves. Mentors are needed to aid every cadet.

6. The budget for the next two years depends on USAF for aircraft and cov, but also on state funding especially with the down turning of fiscal resources. Will WYWG be able to operate at our present levels?

Col Johnston stated he is hoping the state contribution will remain near \$250,000 and he will be fighting to keep it so.

OFFICE OF CIVILIAN DEFENSE  
Washington, D.C.  
December 8, 1941

Administrative Order No. 9

Establishing Civil Air Patrol

By virtue of the authority vested in me through my appointment as United States Director of the Office of Civilian Defense, through the Executive Order of the President creating said Office, dated May 20, 1941, I have caused to be created and organized a branch of this Office of volunteers for the purpose of enlisting and training personnel to aid in the national defense of the United States, designated as the Civil Air Patrol.

In conformity with said organization, Major General John F. Curry, U.S.A. Air Corps, has been assigned to this office by the U. S. Army and designated by me as its National Commander. Said organization shall be in the form as outlined in the attached chart, which is made a part of this Order as if written herein in full. The Civil Air Patrol shall carry out such Orders and directives as are issued to it by the Director of Civilian Defense. It shall be the duty and responsibility of the National Commander to see that the objects and purposes and orders issued in conformity with the policy of this Office are carried out and that all activities are reported regularly to the Director through the Aviation Aide.

All enlistments and appointments in the Civil Air Patrol may be disapproved by the Director of the Office of Civilian Defense.

# Dee J. Sadler

Posted in

[Sheridan](#)

Dee J. Sadler, 77, of Sheridan, passed away on Thursday, January 21, 2016, at the Billings Clinic. Dee Jay was born in California on March 27, 1938, to Robert and Georgia (Stevens) Sadler. After 40 years of service with the National Guard, Dee Jay retired as a Sergeant and became a Civil Air Patrol Senior Member. He was a well-respected mentor to many Civil Air Patrol Cadets, always encouraging them to do their best, not only within the organization, but in every aspect of their lives. Dee Jay worked at Rocky Mountain Sports for 7 years. He enjoyed spending time with the customers and friends at work. His hobbies included flying airplanes, riding motorcycles and guns. On July 22, 2013, Dee Jay married Dawn Shepard, with his beloved Cadets standing at his side.

Dee Jay is survived by his wife and his Civil Air Patrol family. He is preceded in death by his mother, father and daughter, Celeste Robin Nye.

# Col Betty Cash

Funeral services for Betty Lorene Cash, 74, will be held at 2:00 P.M. Wednesday, December 2, 2015 at the First Baptist Church in Douglas, Wyoming with Roy Strock officiating. Interment will be in the Douglas Park Cemetery.

Betty Cash died Tuesday, November 24, 2015 at the Douglas Care Center in Douglas, Wyoming. She was born March 9, 1941 in Birmingham, Alabama and was adopted by Allen David and Helen Estelle (Hammond)Burns. She was raised and educated in Birmingham. Betty was married to Mark Jerome Cash on December 24, 1956 in Fulton, Mississippi. She and Mark moved about the United States while he was serving in the United States Air Force. They have resided in Douglas since 1978.

She was Commander of the Wyoming Civil Air Patrol for four years in the 1990's. She displayed her handcrafts at the Wyoming State Fair; enjoyed doing genealogy, and writing articles for magazines and newspapers. She was a stringer at the Casper Star Tribune. Betty was a member of the First Baptist Church.

Betty is survived by her husband, Mark, of Douglas; children, Marsha Lorene Cash of Douglas, Wendy Cash (Rick) Smith of Georgetown, Texas, and Mark J. (Jennifer) Cash Jr. of Orangeburg, South Carolina; grandchildren, Aaron Pierce, Sarah Smith, Jacob Smith, and Ira Cash; and great grandsons, Bruce Generali and John Generali.

Betty was preceded in death by her biological parents; adoptive parents; daughter, Rebecca Cash Geringer, on May 30, 2011; and sister, Martha Bishop Cruse. Serving as pallbearers will be Dick Wortham, Tim Byer, Mike Wortham, Rick Smith, Ryan Harris, and Robert Zechiel.

A memorial to the Civil Air Patrol Cadet Program, P.O. Box 2013, Cheyenne, Wyoming 82003 would be appreciated by the family. Funeral services for Betty Lorene Cash, 74, will be held at 2:00 P.M. Wednesday, December 2, 2015 at the First Baptist Church in Douglas, Wyoming with Roy Strock officiating. Interment will be in the Douglas Park Cemetery.

A memorial to the Civil Air Patrol Cadet Program, P.O. Box 2013, Cheyenne, Wyoming 82003 would be appreciated by the family.

They, as you can see I have finally got it rolling up here, interest at first didn't do much but he kept hammering on it & now it has really taken off. Give the number I pilots who have signed up <sup>(11)</sup> and the scheduled to speak <sup>next</sup> at the next pilots meeting in the CAP are getting there. I know of at least 4 other pilots who also have expressed interest that are not in the packet. Also one pilot should have LTC packet assigned & can mail if he wants → after all I was his first call's recruit when he started the CAP in Sheridan back in (about) 1957. I'll look & the 780 today & although he is slightly superior long activity that night but his recall on and out flight time - I think he will be fine to deal with. After all we are promoting flying in general & that does help him. We also have at least in trying to get a plane scheduled up here for our squadron. Would that be possible to do? PS

There is a lot of excitement about working with Wing & the squad in Gillette to put on a 5th base in Sheridan this summer - happyful in July? What the changes of pilot? How long does it take to get us set up & really get to going up here as far as National HQ is concerned? I feel the biggest thing is going to be getting some pilots in training & getting some of those people to allow SARR for training. Also in the next day or so we're going to order a set of legs from the book store but what about the diff. training we should order a set of those too? If you decide to call - usually the Lt will be better - a lot of nights we're not home till 9:30 - 10:00 PM. Both ways see up later
