14 July 1943

Subject: CAP Weekly Bulletin

To: All Unit Commanders

1. I want to call your attention to the CAP Bulletin which goes out from this Headquarters weekly. If you will remember, the CAP Rules state that many of our communications to the Wings will go out informally in the CAP Bulletin. From time to time we will make important announcements by this means rather than by special orders and special letters.

2. I bring this to your attention because on several occasions lately notices have been given in the Bulletins on which we received inquiries later. This Bulletin is official. It is gone over by members of the staff before it is published. In many instances, it will be your only notice of certain matters necessary for you to know.

Earle L. Johnson
EARLE L. JOHNSON
Lt. Col., Air Corps
National Commander
