## INTRODUCTION OF UNIT STAFF & BRIEF UNIT NARRATIVE

The South Dakota Wing completed its 78th year of cadet service to the people of the State of South Dakota and to the United States of America.

### South Dakota Wing Origin

The South Dakota Wing was established on 1 December 1941 as “Wing 77” and was placed under the Command of Lt. Col. Thomas B. Roberts, Jr. On 30 May 1955, Wing 77 was re-designated “Wing 40000”. In 1999, Wing 40000 was re-designated as “SD-001” the designation it bears today. The wing is currently commanded by Col David G. Small Jr.

### Wing Organization

The South Dakota Wing is organized into a Wing Headquarters located near Rapid City Regional Airport, Rapid City, SD and currently has six subordinate squadrons. The squadrons are located at Brookings, Custer, Pierre, Rapid City, Sioux Falls and Spearfish. The total combined active strength of the wing is about 359 Cadets and Senior Members. The wing also has a Legislative Squadron with 37 members.

### Wing Status

The South Dakota Wing completed 2018 on a high note. It was an active year for the wing in providing emergency services responses to AFRCC-tasks missions (missing aircraft, missing persons).

Aerospace Education had a substantial role in wing activity for 2018 featuring model rocketry, powered model aircraft and model gliders.

The wing’s Cadet Programs for 2018 were equally active with an encampment at Camp Grafton, ND, leadership academies, character development and drug demand reduction events, cadet and National Color Guard competitions, participation in National Cadet Special Activities and a lot of just plain fun activities.

2018 was also a year of community activity. Wing units supported and/or took part in numerous community events across the state including school visits in rural areas of the state. Color Guards were especially active in that respect. A great deal of support was provided to aviation related events such as air shows and aviation days. Greatly enhanced community awareness and public goodwill was generated by the wing’s presence at, and participation in these activities.
